WINTER CAMP 2026

PURE MINDS ACADEMY

REAL WORLD READY **AGES 10-14**

AL HABTOOR POLO RESORT

WEEK	AI & ROBOTICS LAB 9:30AM - 11:45AM	INNOVATION & ENTREPRENEURSHIP CHALLENGE 11:45PM - 2:00PM
Week 1 Dec 14 - Dec 18	**ROBOT ENGINEERS** Students discover the gears, levers and linkages behind real machines, then build and program an automated sorting machine like those used in factories. They learn to think like engineers, testing and improving until it works.	**ENERGY LAB** Students build a working electric motor, test solar panels and design energy-efficient homes. They learn how energy powers our world and how smart design can save it.
Week 2 Dec 21 - Dec 25	**AI DELIVERY ROBOT** Students build a robot that sees with a camera, follows traffic signs and takes voice orders, just like real self-driving delivery robots. They learn how AI vision and voice work, and where this technology is heading.	**MONEY SMART WITH AI** Students learn to budget, save, invest in a stock market game and launch their own product with an AI-made brand, ending with a live Market Day. Practical money skills that stay with them for life.

Camp timings: 9:30am to 2pm
Drop-off timings: 8:30am onwards
